## nbn 2000 Advanced

### CRITICAL INFORMATION SUMMARY

#### INFORMATION ABOUT THE SERVICE

##### SERVICE DESCRIPTION

The Business Fibre nbn 2000 Advanced plan is an Internet service provided over the National Broadband Network (nbn™) and is available in nbn enabled areas.

##### MINIMUM CONTRACT TERM

24 Month

##### KEY DETAILS

The Business Fibre nbn 2000 Advanced plan includes 2000GB of data on the Advanced connection tier. Optional Enhanced Serviced Level Agreements (SLAs) available for an additional \$17.00 per month, the terms of which can be found at [commander.com.au/legal/customer-terms](http://commander.com.au/legal/customer-terms).

Your data allowance includes uploads and downloads. Your unused data allowance expires monthly. If you use all of your included data within a billing cycle, the speed will be limited to 2Mbps until the next billing cycle commences. Connection tier refers to the type of nbn™ connection installed at your premises. For more information about these tiers, please visit our website [commander.com.au/nbn](http://commander.com.au/nbn).

##### STANDARD INSTALLATION REQUIREMENTS

Standard Installation is included with your plan and is provided to the first telephone point in your premises. If you're in a newly constructed building and not already connected to the nbn, nbn Co may charge you a once-off New Development charge of \$300 (inc GST).

Where the additional work is required to connect your nbn service is more than a standard professional installation, you may be charged an additional fee. In such cases, Commander or nbn Co will provide any additional installation charges with you before the work being completed for you to approve. A 240 volt power supply may be required. In the event of a power outage, your services will not work unless you maintain a back-up battery. If you take up a Fibre to the Business service, you will not be able to move back to a copper service.

##### HARDWARE

You may use your own modem or a Commander modem can be provided for a \$19.95 P&H fee. The modem is customerself installed and auto-configure. Please note that support is only available for Commander approved modems. For a list of approved modems, call Customer Service on 132 777.
